Dave,  
We've had a  
real blast together  
this year. We've gone  
through a lot of work  
also. This summer we  
should try and make all  
the money we can. When you  
get your \* Yamaha \* 80 c.c. well  
a blast. Wish you had yours now.  
We should be real good friends for a  
year  
long time to come. Let's hope next year.  
Don't get into any trouble but we have pulled through alright  
been a real  
Remember,  
Fred Neal

We sure had  
fun this year in out that  
was quite a little group we had  
going. Hope you'll never forget us

Dave,  
I've been ~~fun~~ <sup>fun</sup> having you in Spanish, except you're too smart in Geometry & we'll have some classes together next year that I'm smart in. I doubt it though, 'cause ~~they're~~ <sup>they're</sup> pretty hard to come by! Well, everyone says it, but I gotta say it anyway - "Good Luck Always!"

## INTRODUCTION

Since the outset of civilization, man has lived in fear and awe of that which he couldn't comprehend. Earthquakes were explained as the vented wrath of an angry god; fire to early man was a demon.

Slowly, as understanding grew, doubt and apprehension were supplanted by assurance. Education is the means by which one gains assurance, for through education comes knowledge, and knowledge is understanding.

The ancient Greeks realized the importance of a varied education. Plato, as paraphrased by Mortimer Adler, said on this subject:

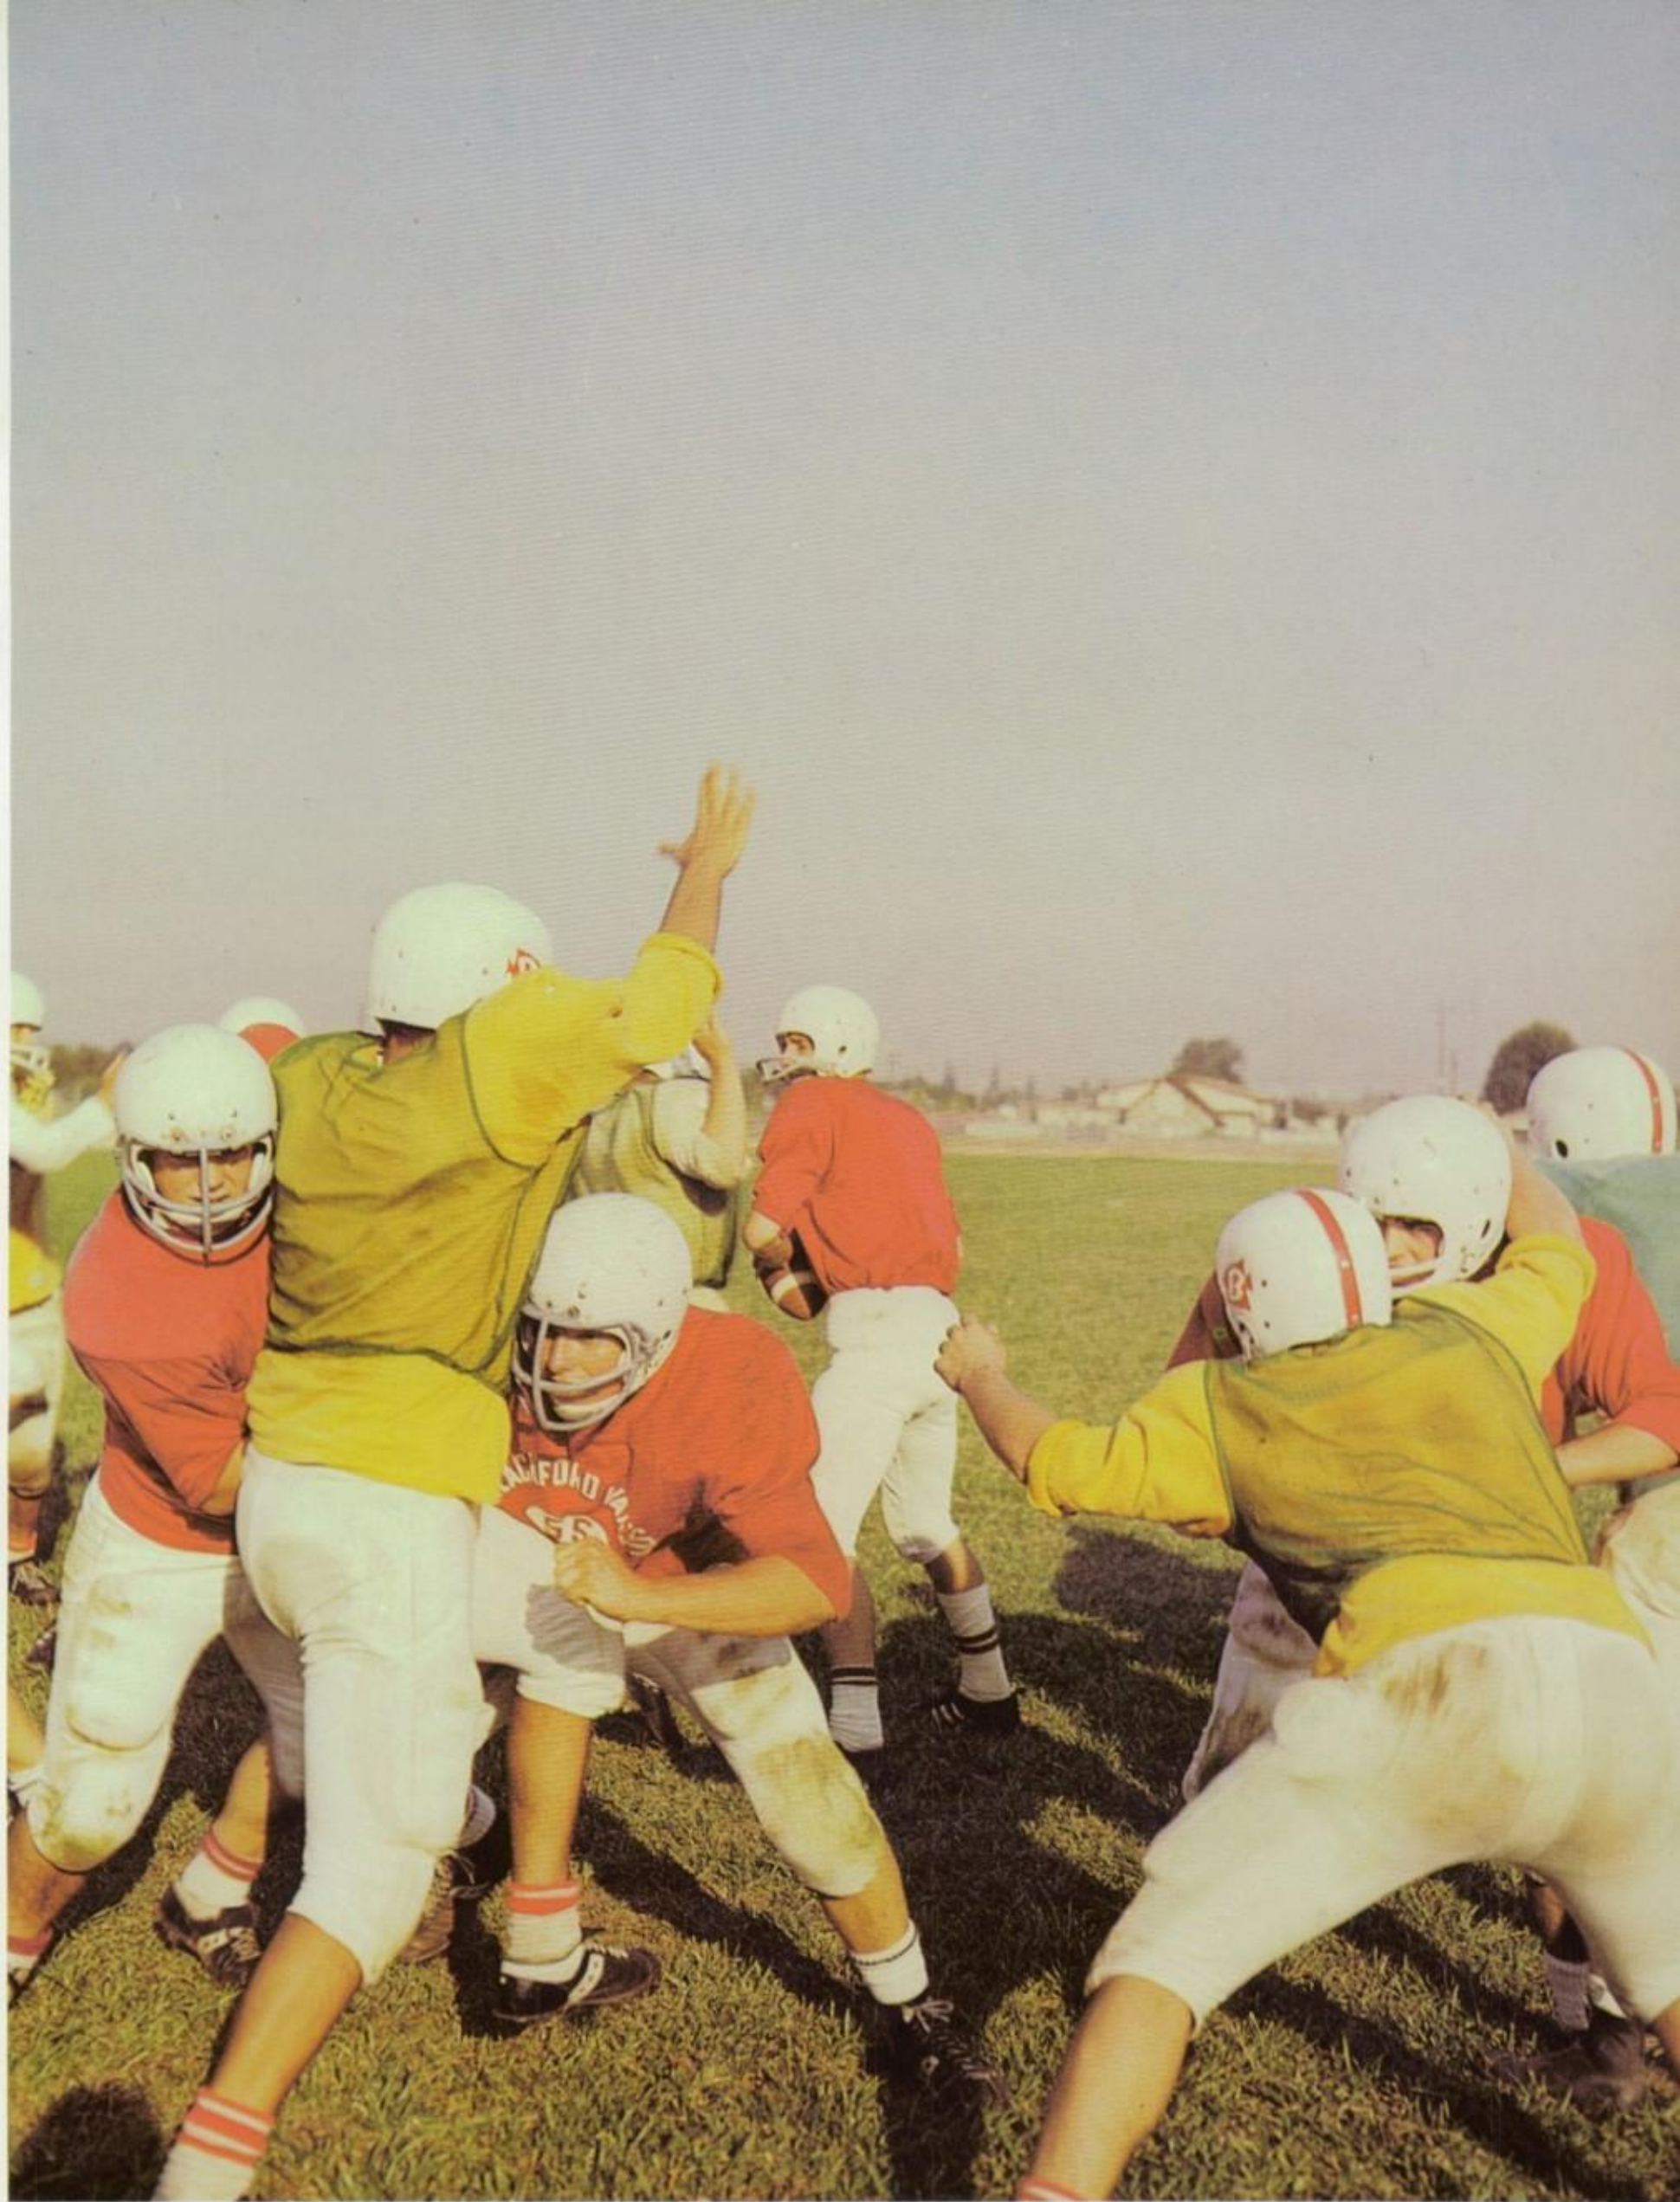

It follows that any society which abolishes the distinction of social classes and which calls all men to freedom, should conceive education as essentially liberal and for all men. It should, furthermore, direct education, in all its parts and phases, to the end of each man's living well . . .

## ATHLETICS

Since long before the Panhellenic Games of the ancient Greeks, man has gained both joy and satisfaction from physical exertion. In today's modern mechanized world, the methods one has of expressing individuality are few. Through sports—modern man can express his individuality. Through athletics—man can find competition, teamwork, and leadership.

For the man sound in body and serene of mind there is no such thing as bad weather.

George Gissing

## FINE ARTS

Each of the fine arts, whether it be painting, sculpture, music, or dance, has one aspect in common with every other art—each is a means of aesthetic communication. Through his individual mode and means of expression, the artist communicates his observations, impressions, and emotions to others in order that they too may have some part in the original creation.

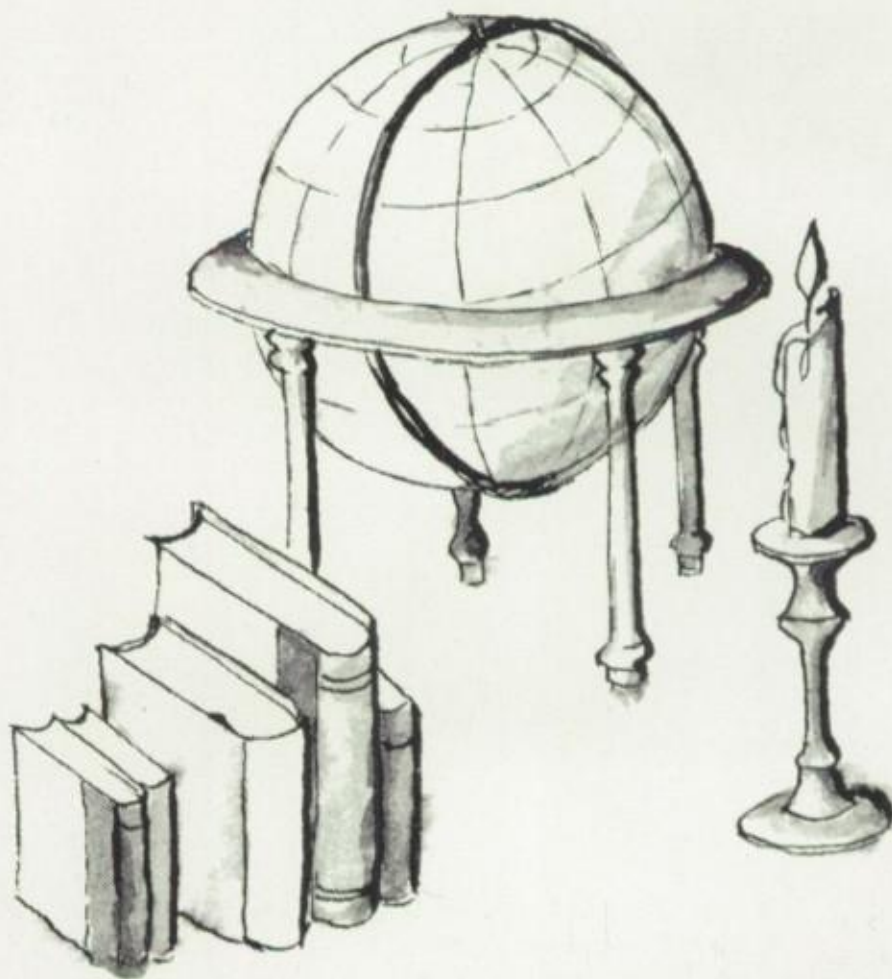

## LIBERAL ARTS

"In a democracy, a liberal education should be of value to men and women both as private individuals and as free, self-reliant, and responsible members of the community . . . It should help them, as individuals, to grow in self-mastery and personal depth, to develop wider and deeper appreciations, to acquire an enthusiasm for hard work, to love good talk and good books, to delight in the adventures of intellectual curiosity, to become fair-minded, open-minded, and generous in all their human responses."

—Association of American Colleges

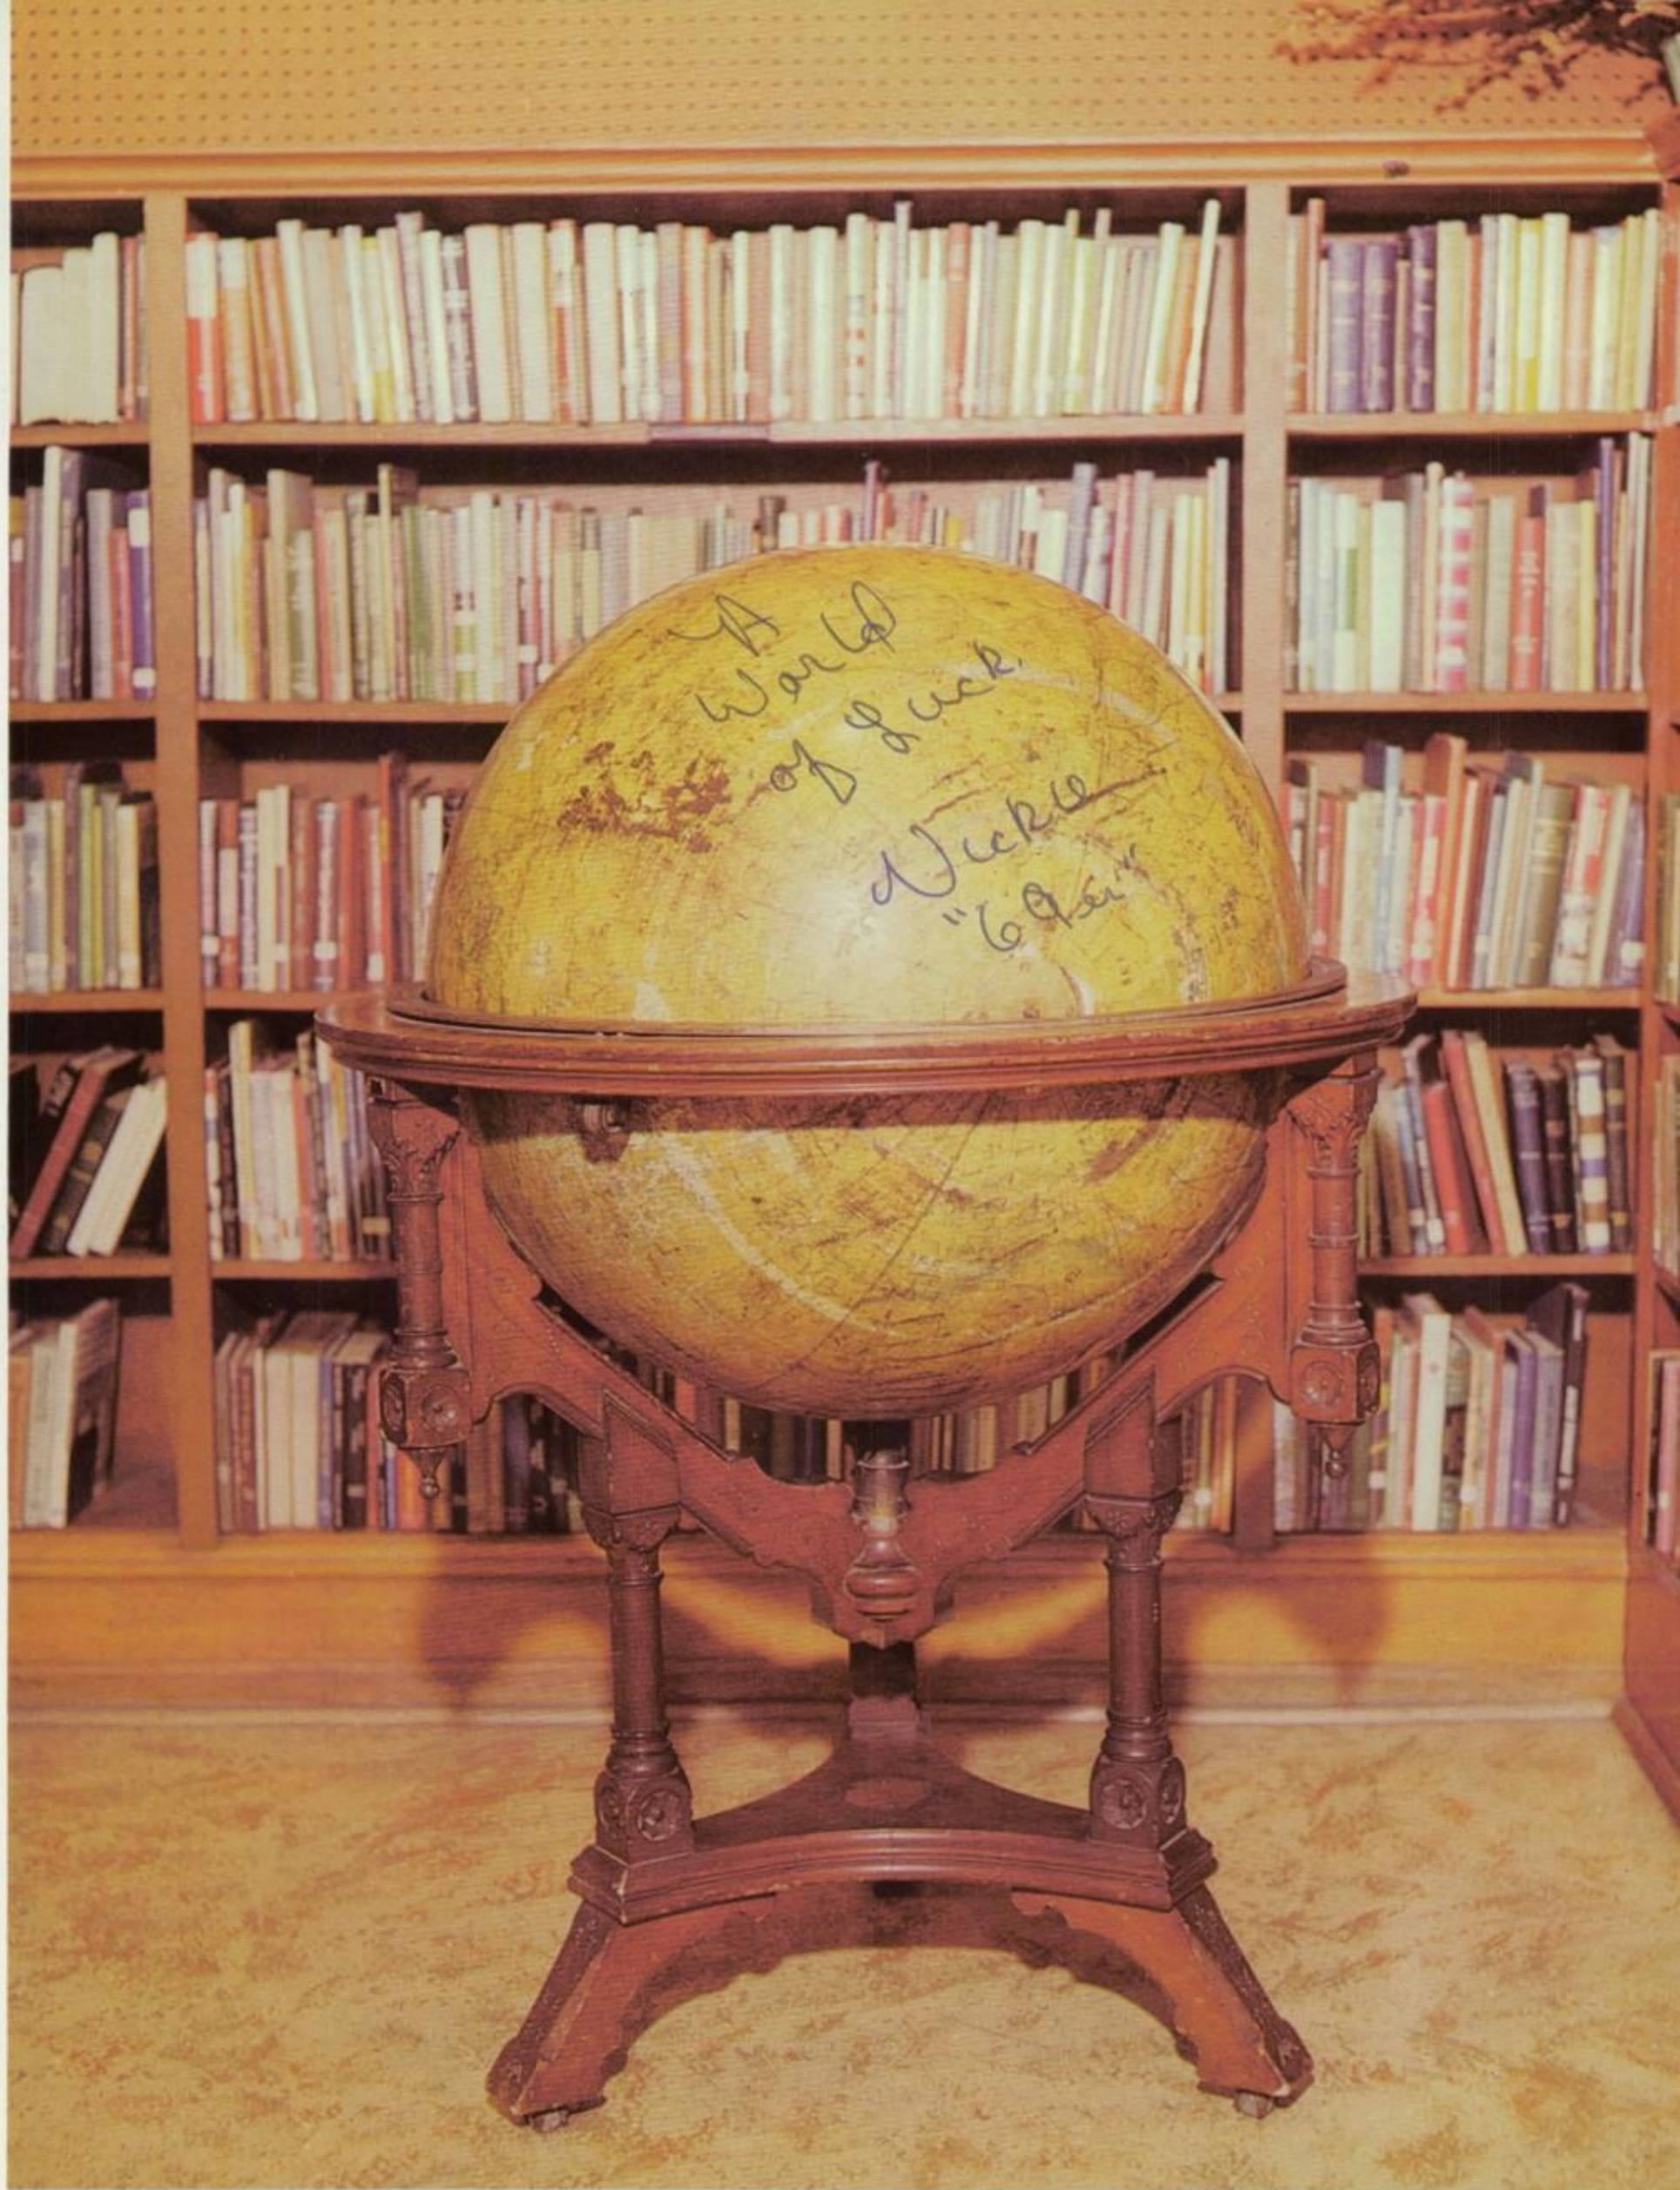

The fine arts never age, because they are marked by genuine feeling. The language of the passions, the impulses of the heart, are always the same . . .

Eugene Delacroix

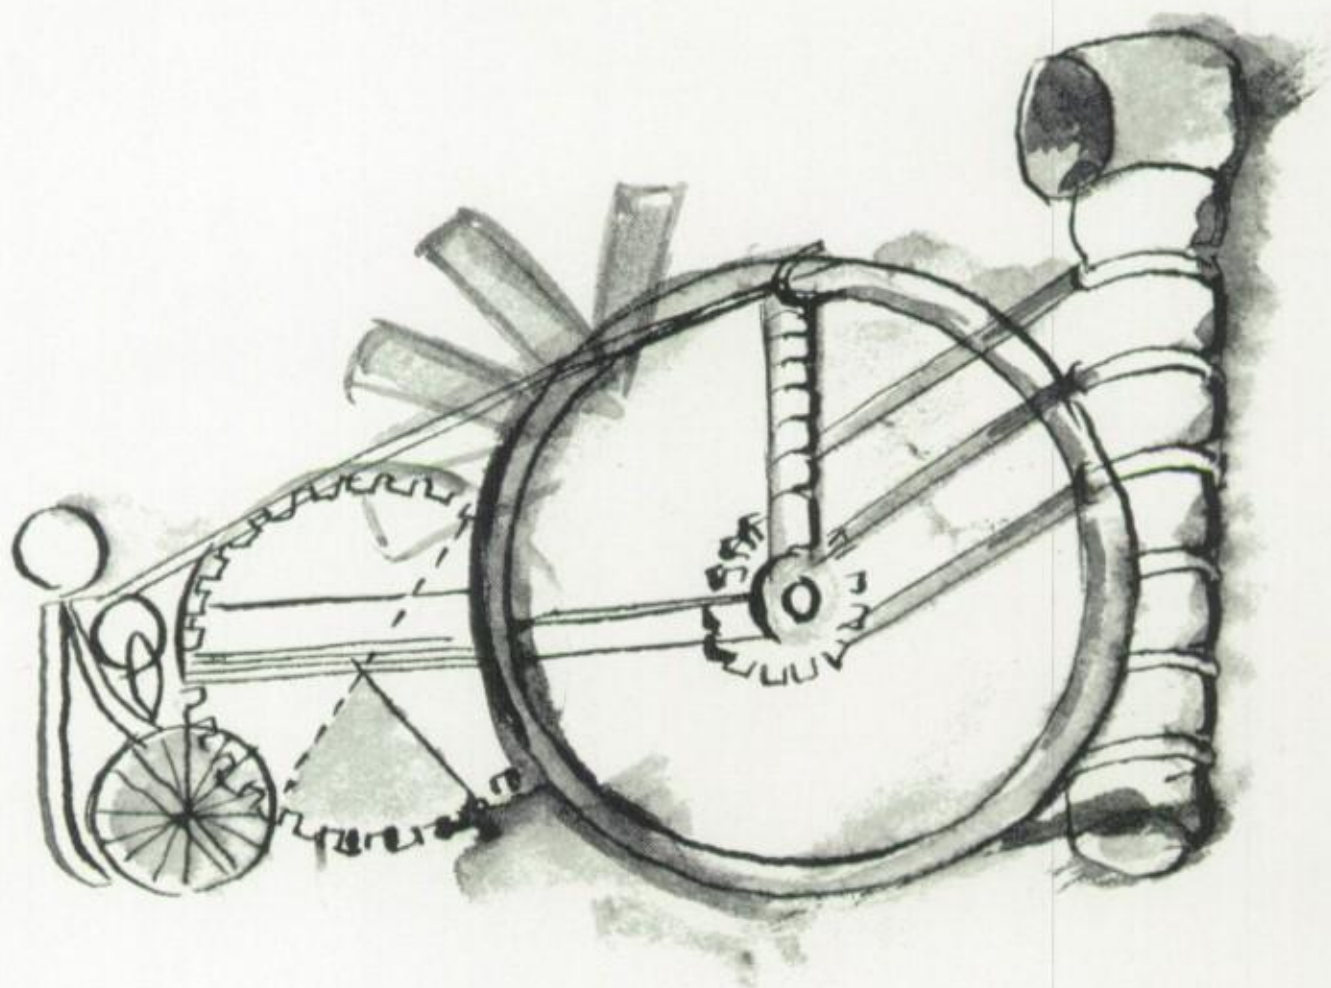

Man is himself plus the books he reads.  
Henry Fielding

## VOCATIONAL ARTS

Darwin states that the ability and ease by which an organism can adapt to its environment determines its success in the struggle for survival. In the human world we are faced with the pressing situation of having to "adapt" or develop with our society. Man is one animal that must be capable of mentally changing with the times in order to survive. Education is the means by which man may learn to adapt and improve himself.

Education or learning takes two main forms, that which can be obtained indirectly or that which can be obtained through personal experience. In the vocational arts man learns to cope with the demands of his environment both indirectly and through personal experience or practical application. Preparing oneself to capably meet the environmental requirements of tomorrow's world is the essence of today's education.

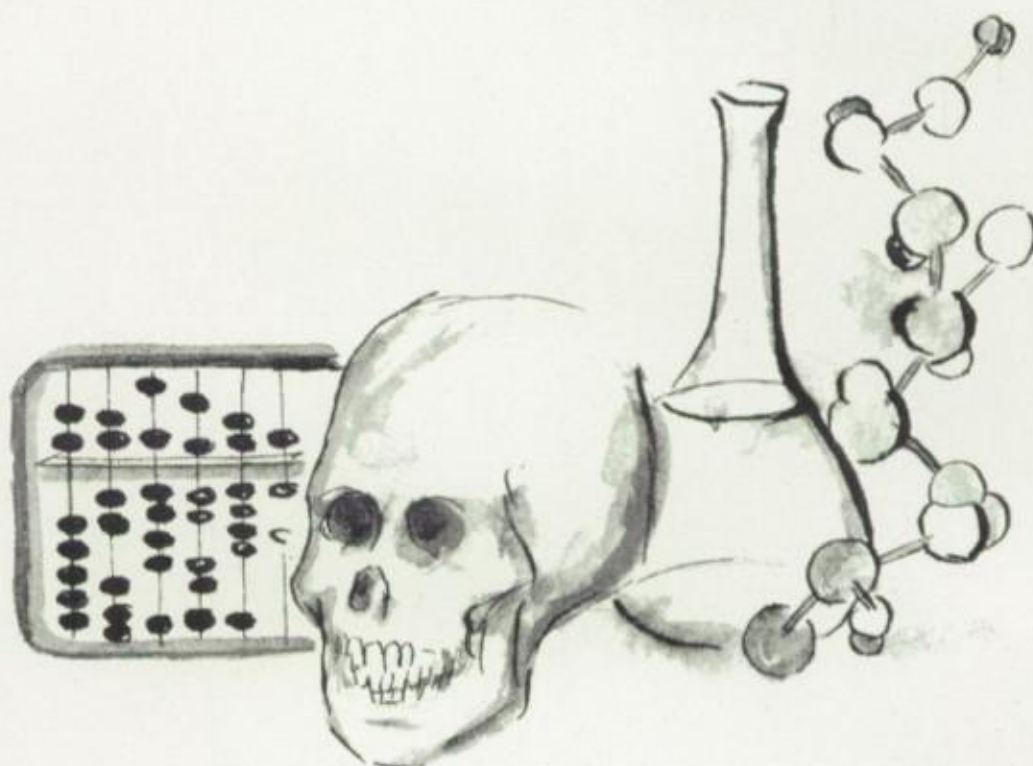

## SCIENCE AND MATHEMATICS

Since the beginning of recorded human history, man has looked about himself and wondered. "Man is a reasoning animal," stated the ancient Roman philosopher Seneca and it is this very reasoning power that has led man to seek the key to the regularities and the very existence of life itself.

The areas of **math** and **science** were developed through man's constant search for reasonable explanations. In the areas of math and science man has attempted, through inductive and deductive reasoning, to both understand and improve his environment. Man has developed theories and laws concerning his environment and himself. With each step man takes into the infinite unknown, whether it be the interior of the atom or all the universe, he builds upon the experiments, observations, theories, and laws he has gained in the field of math and science. With this knowledge man can find new formulas and laws—with these he can build the future.

People forget how fast you did a job—but they remember how well you did it.  
Howard W. Newton

Man is a reasoning animal.  
Seneca

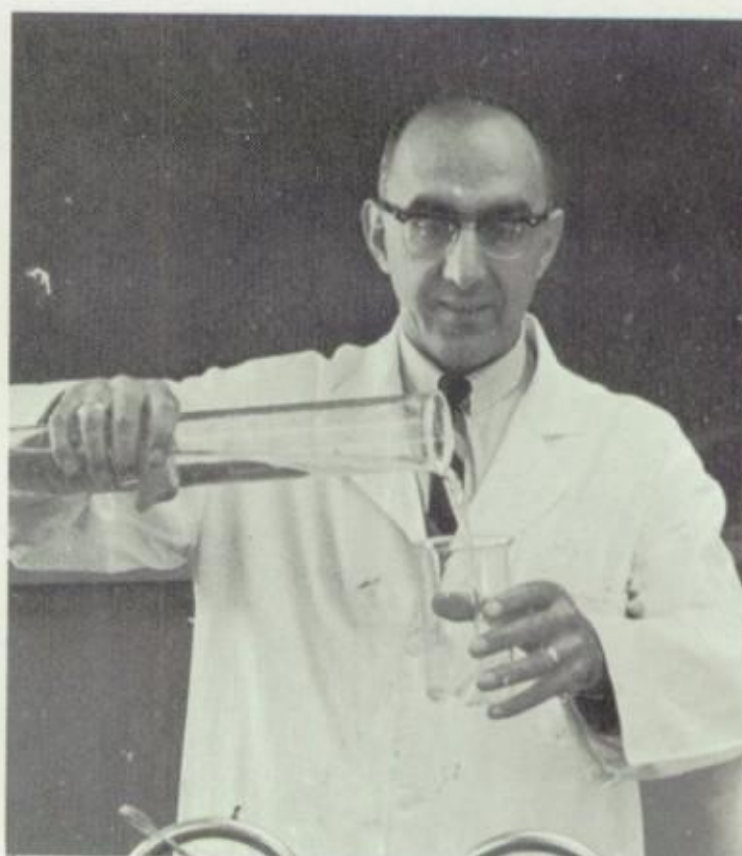

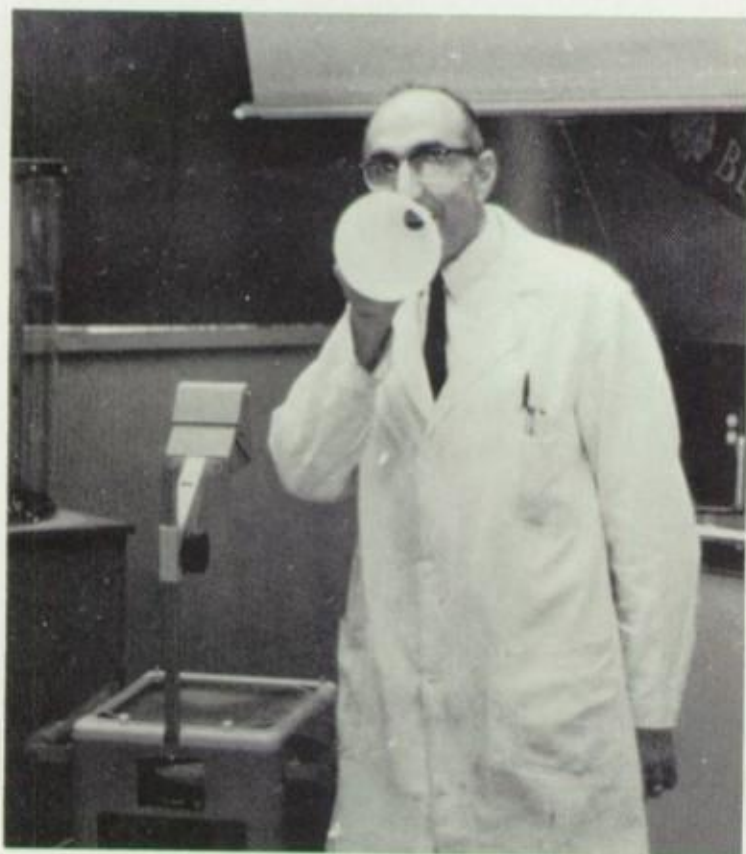

# DEDICATION

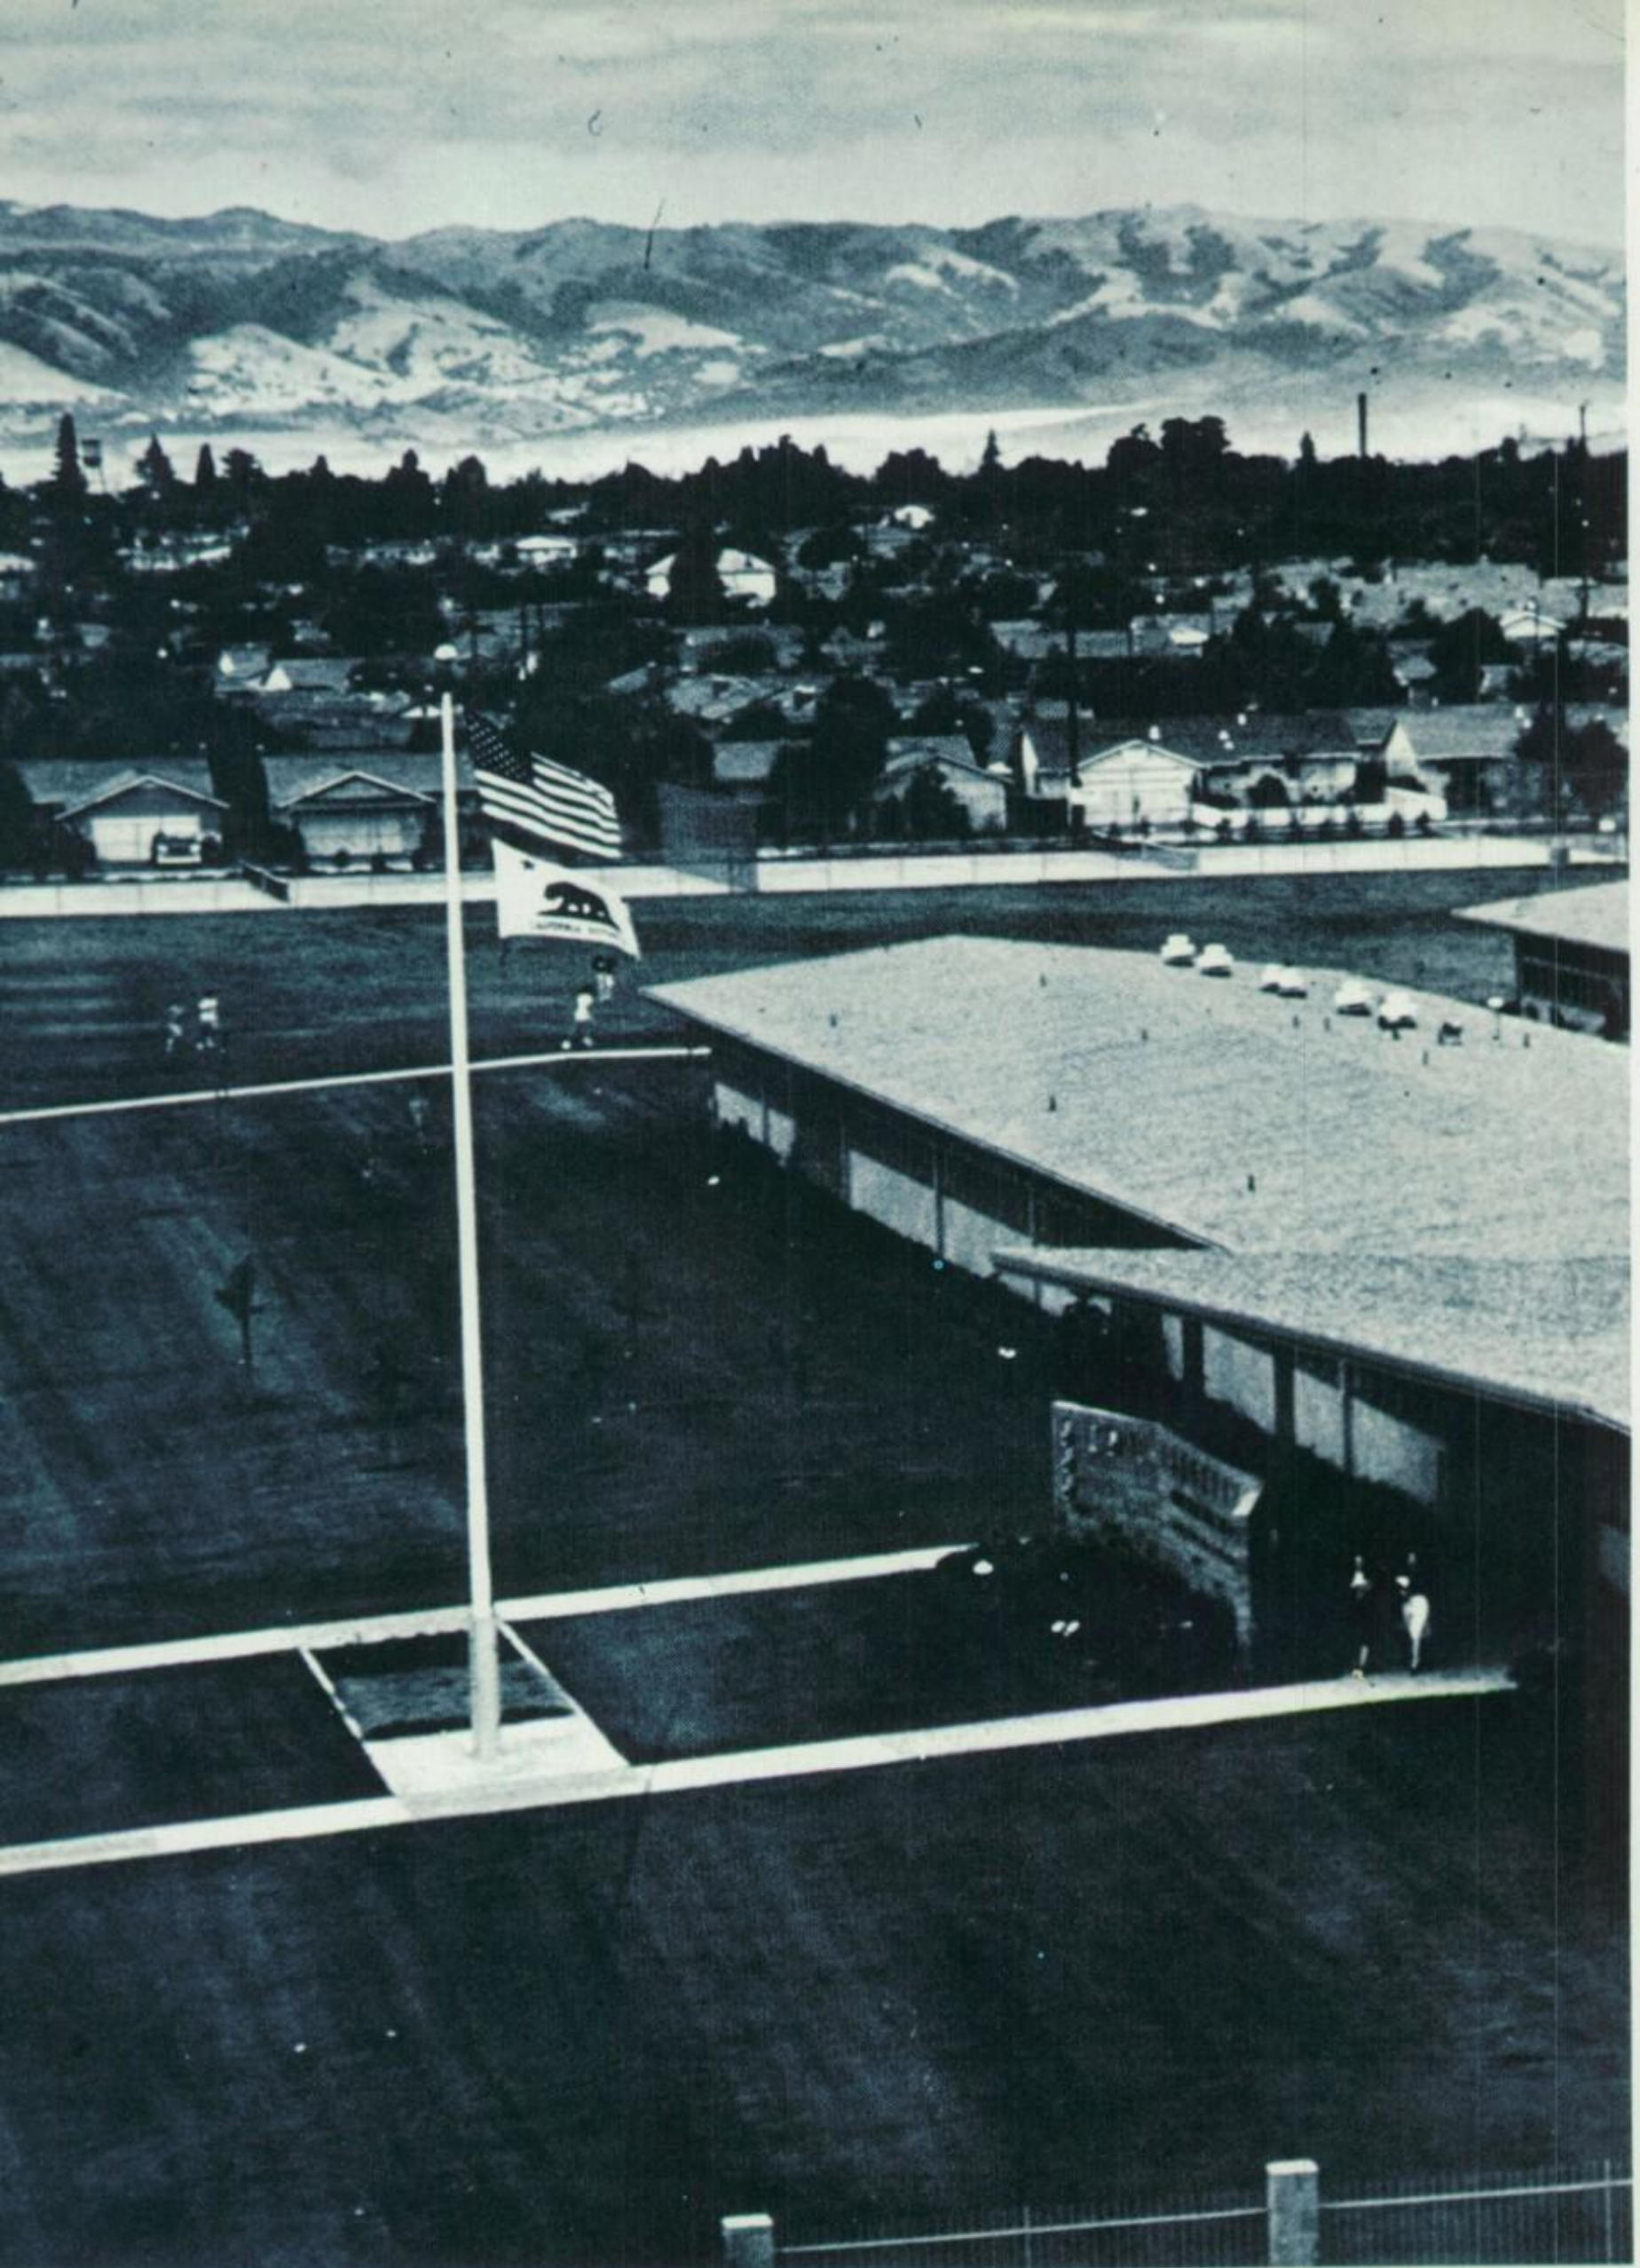

Mr. George Buonocore, in his generous concern for the student body, has served in the capacities of both sophomore counselor and Director of Student Activities. During the six year history of Blackford High School, his time and effort have been continually devoted to the students—encouraging not only high levels of academic attainment but promoting harmonious student-teacher relations as well.

More notable than these advisory services, however, have been Mr. Buonocore's contributions as an outstanding teacher. In a society daily more influenced by scientific advancement and technology, an elemental comprehension of this branch of human learning is essential to the well rounded and enlightened individual. Through his excellent instruction Mr. Buonocore has patiently transmitted to his students a basic knowledge and understanding of the world of science, thus helping to stimulate in them both logical and creative thought.

Therefore, to Mr. Buonocore—the teacher, the counselor, the scientist, and the man—we, the yearbook staff of 1967 gratefully dedicate this sixth edition of **SAGA**.

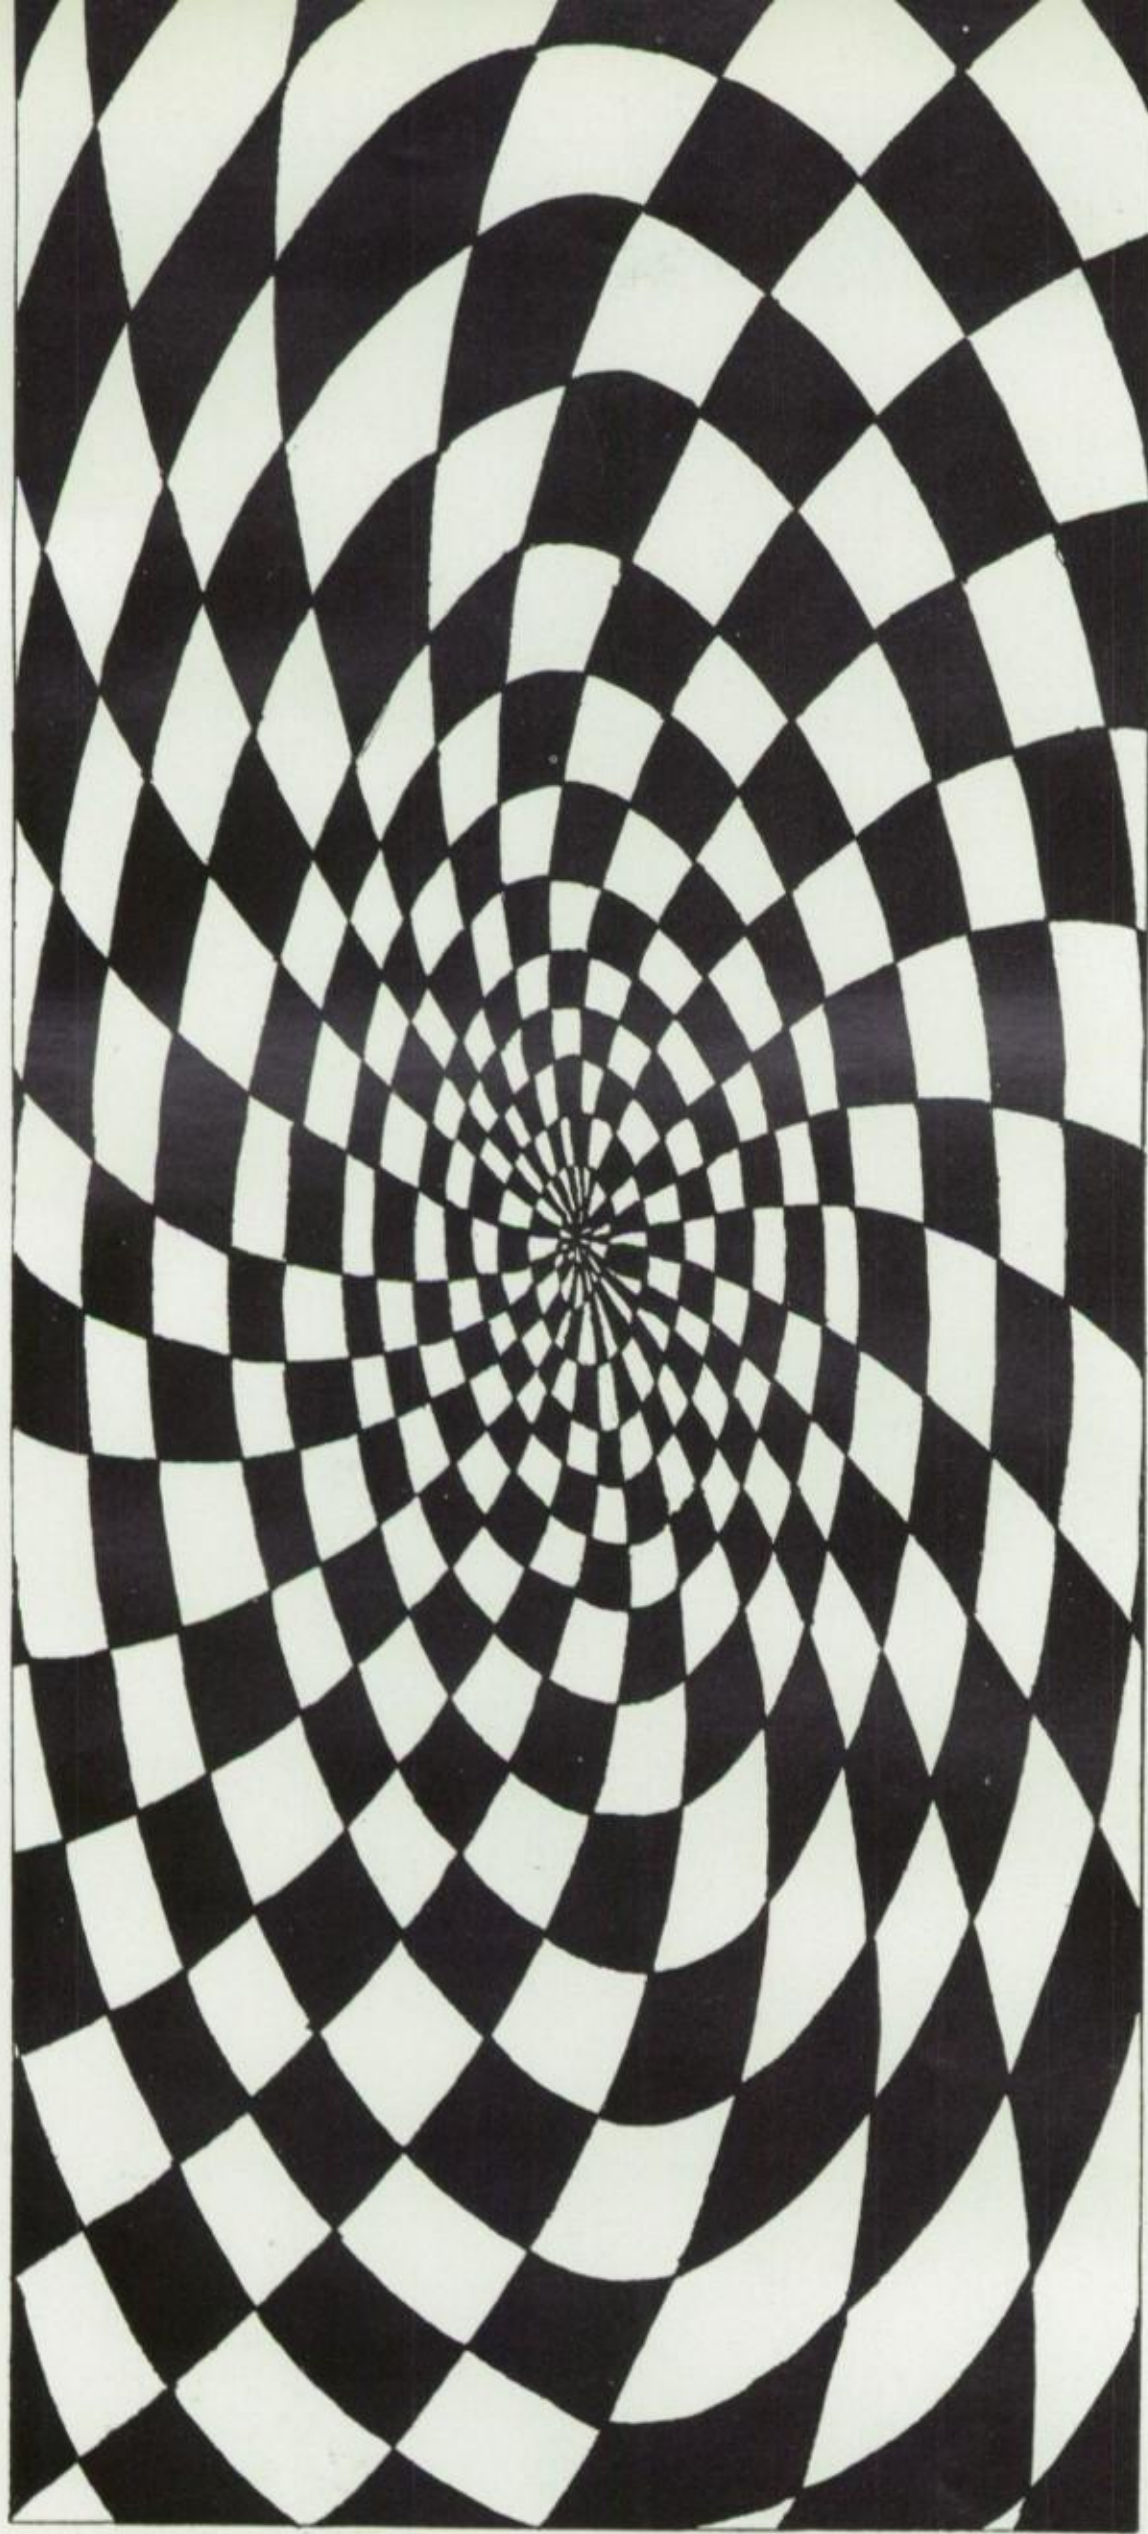

Aim at the sun, and you may not reach it; but your arrow will fly higher than if aimed at an object on a level with yourself.

ADMINISTRATION

May I congratulate you on this 1967 Yearbook which reveals so effectively the activities and interests of the students of Blackford High School. Your enthusiasm, spirit and energy are reflected throughout these pages.

The Board of Trustees of the Campbell Union High School District joins me in expressing our hope that the efforts of the staff of the district to provide educational opportunities for you, both in the classroom and in your many activities, have resulted in stimulating many new ideas, incentives and goals. We are pleased to see evidence of high standards of academic performance and general excellence in the school.

To the graduating seniors of Blackford High School, I extend my best wishes for a successful and happy future in whatever endeavors you may pursue. We trust you will remember your years here at Blackford High School as a significant period of your life.

My hearty congratulations to the seniors in the class of 1967. It is highly probable that each of you has felt, at some time or other, that graduation seemed so terribly far in the future—now at last the long awaited day is near at hand. The time has come to gather together the results of your four years of effort and use these results as a sound foundation to your future success. May the knowledge and experience garnered at Blackford High School serve you well in your future.

## COACH'S MESSAGE

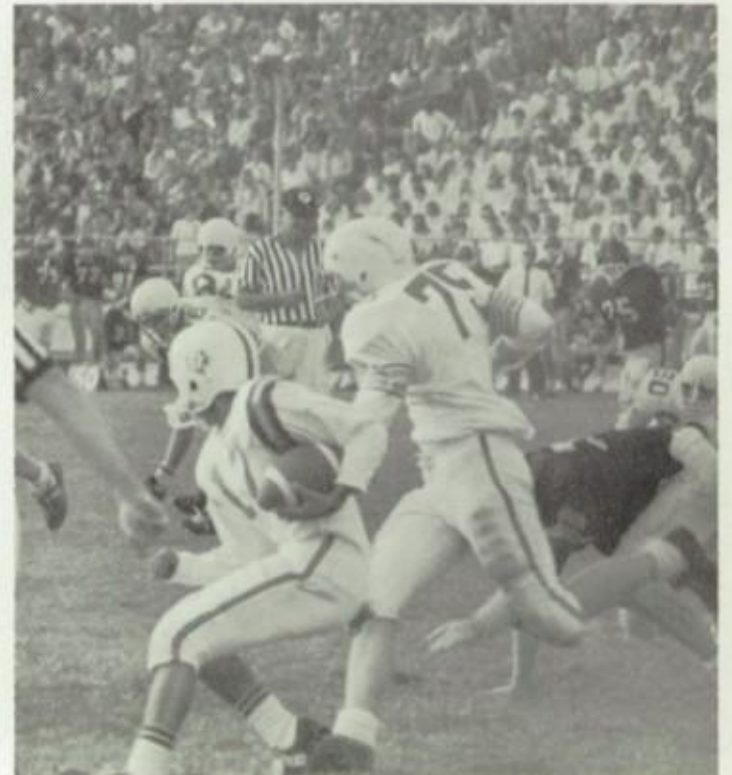

The 1966 Blackford Braves fooled the experts. After being picked to finish in last place in the conference and being faced with the possibility of splitting their two practice games, the hard hitting Braves were able to compile a 4-3-2 record.

The season started with all positions wide open, to be filled by the young man with the most ability and a desire to work. There were surprises and disappointments in the battle for the various jobs. We feel that competition for positions made our season a success. Very few were secure in their jobs—there was always a competitor ready to take each position.

Although no title was won by the 1966 Braves, they were in contention all the way. We won our first two non-league games and had some momentum going for us. Then for four weeks we were hurt by fumbles, interceptions, and penalties. Our opponents gained by taking advantage of the mistakes we made.

Our offensive unit had some problems maintaining consistency in moving the ball, yet Ron McGoughy, Jim Whiteside, and Duane Kubo did an excellent rushing job along with the receiving of Skip Adams and Jeff Momsen. However, it was the play of our defensive unit, led by Chuch Pottier, Bob Rose, John Bloomfield, and Tom Abraham, that kept our opponents from moving the ball too well. Our defensive unit helped us score at least seven touchdowns in our last three games by taking the ball away from our opponents via fumbles, interceptions, or blocked kicks.

It is our hope that we developed a sense of PRIDE this past season which will carry on for many years to come. We can attribute our team success to a team effort. Most of our squad will return in 1967. We hope that the competition will continue to be strong for each position. No man can afford to let up or someone else will have his job. Our motto for next year is "He can who thinks he can."

## THEME COMMENTARY Bob Grant, Editor

For every method or system man devises for gaining his desires and goals, there is always a better way of procuring them. In most cases the "better way" has yet to be discovered, but is well within the grasp of man's greatest and most powerful device—his mind.  
With the coming of an era that will demand changes

or improvements, we must be capable of maintaining an open and progressive reasoning process. It is the objective of education to increase the scope of thought and reasoning. We cannot limit our minds to only finite and well lit corners, but rather we must—and will have to—venture into the infinite darkness itself.

# AMERICAN FIELD SERVICE

The calendar on my wall reminds me that my year is nearly over. When I glance through my diary in the drawer, I cannot help but think of the happy days we have spent together.

I can still see myself roaming aimlessly from one classroom to another during the first few days, with a smiling face but with a frustrated heart, much confused by my new environment. Then you came along with your warmth and friendliness, and helped restore hope in my heart again. I can also remember the school dances and parties which were wild experiences for me. Then there were the football and basketball games, where our Braves fought so fearlessly against our "enemies" while the cheerleaders, song girls and the rest of us cheered.

I cannot tell you how proud I am to be a Brave. I cannot tell you how much I have learned in the classroom. There is no way to show how much I have been Americanized or how much you have been Singaporeanized. But when you greet me with "Ni How Ma?" so nicely and sincerely, I know that you are one of us—and when I say "Hi" with a mouthful of hamburger or "decorate" your house with those long strands of paper, you know I have become one of you.

To you my fellow students, my teachers, Mrs. Couch, Mr. Horrigan, and Mr. Romer, I owe my biggest thank you for making my stay here so interesting and educational. And because of the Stobbe family and the AFS Chapter, I shall always remember the enjoyable and colorful days.

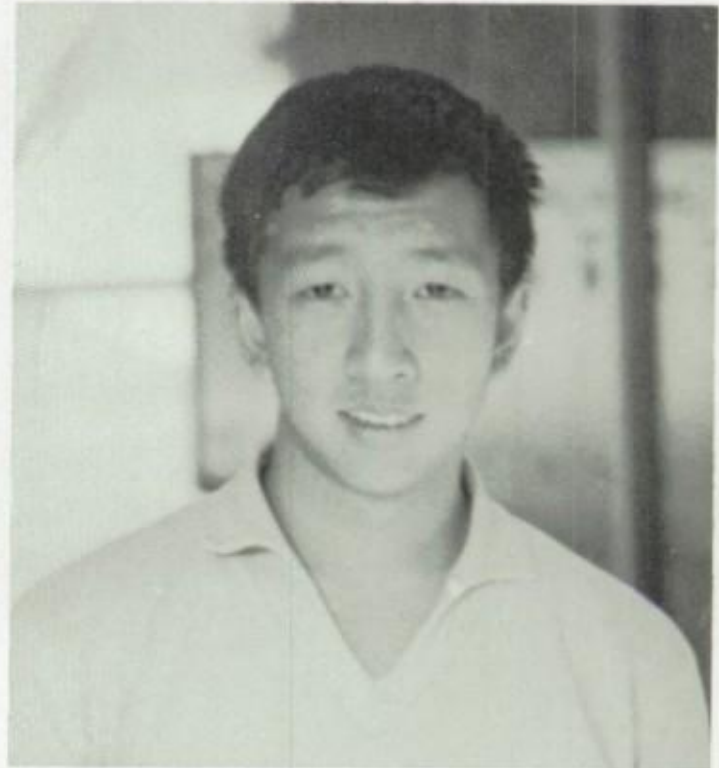

So, till we meet again—Good-bye, Good health, and Good luck. Selamat Tinggal. Sayonara. Auf Wiedersehen. Adieu.

Forever,

Ng Ser Miang

Miang and his American family, the Stobbes.

# YOUTH FOR UNDERSTANDING

Andrea at home

How I feel about this year in America nobody can really imagine. I never expected to be sent away as an exchange student until a letter arrived from the Youth for Understanding Program telling me that I would go to America and to California. That fulfilled my greatest desire. If I should come to the states I wanted to see California. Now suddenly all my dreams became true. I was very, very happy, but everything seemed to me so unreal.

I could not make myself a picture of all that is now so familiar to me. Maybe it was good, so I came without prejudices. However, to get acquainted with my whole new surroundings brought me some troubles in the beginning. Things so natural to you made difficulties for me. I had a hard time finding from one classroom to the other in the short breaks, I did not know how to open a locker and probably broke several of the school rules unintentionally. But so many of you, whom I had never met before helped me so kindly and were so nice to me that I soon felt at home and after a few weeks was glad that it was Blackford where I should stay for one year.

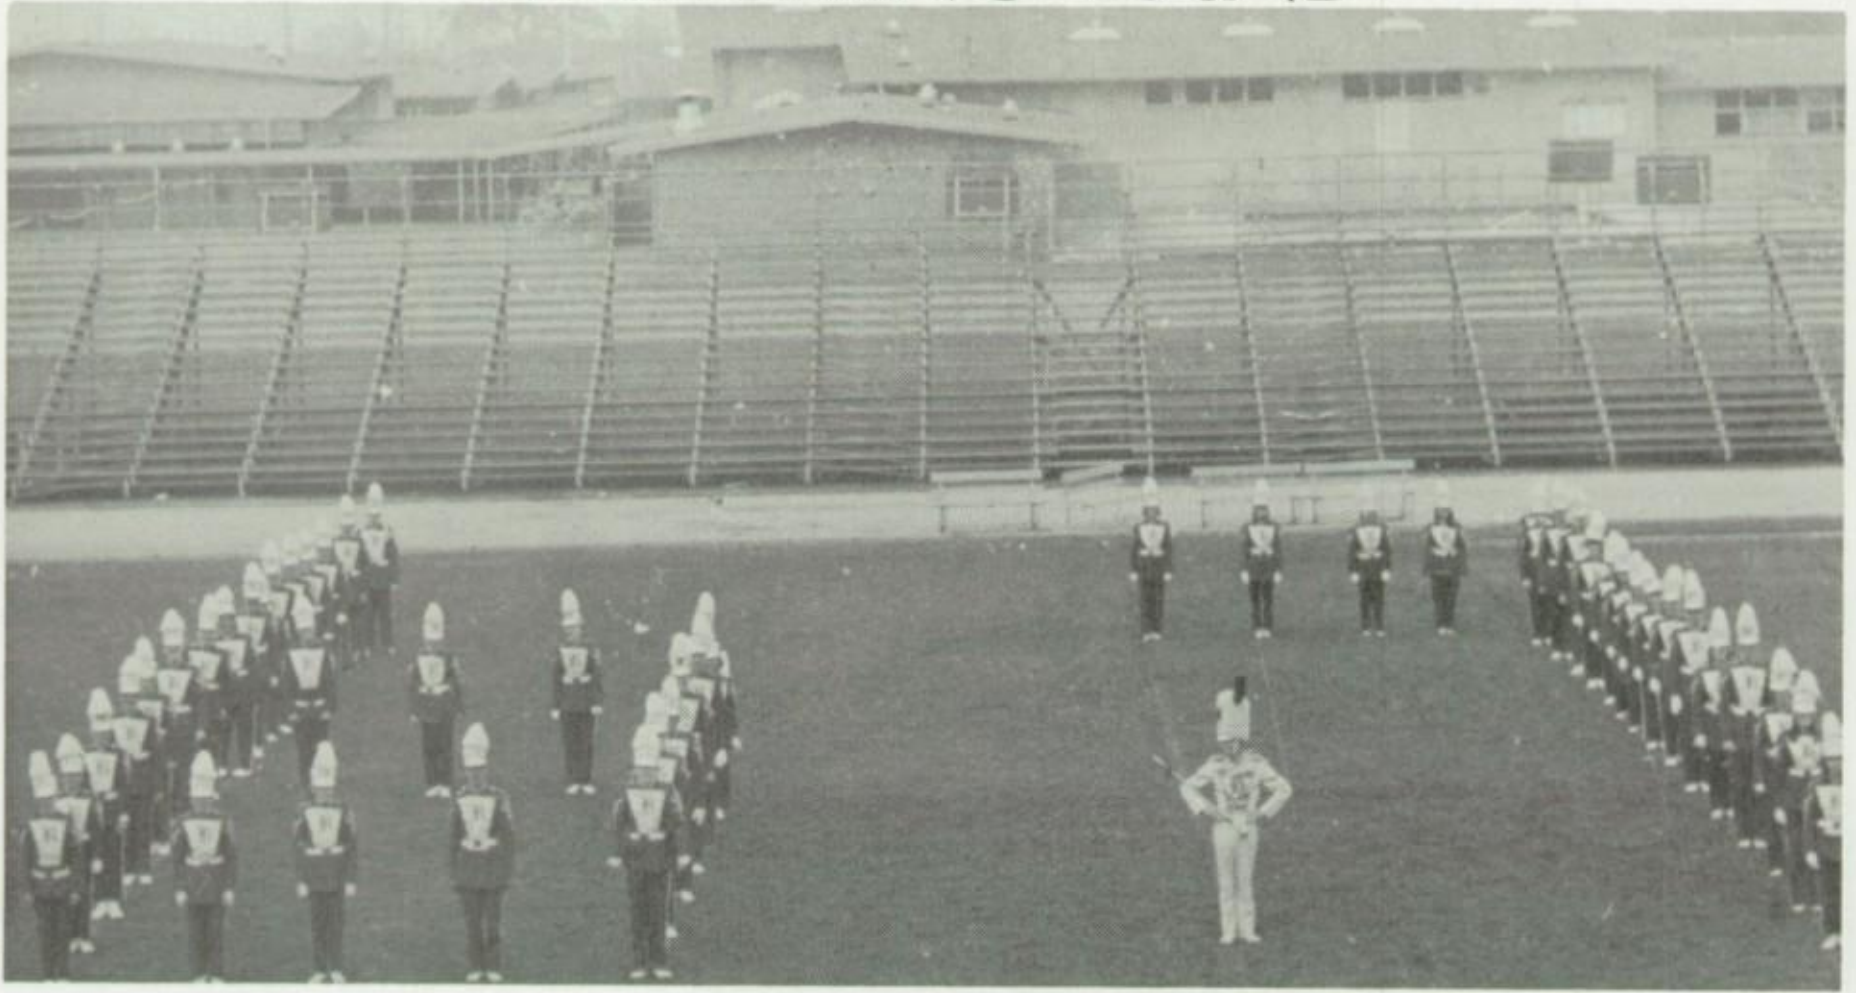

I want to tell all you students, all teachers, Mr. Romer and Mr. Horrigan, how I appreciated staying with you. It is a great difference between living in a community and hearing about it from the outside. When I remember you I will think about the games and sing,

Forever Blackford High,  
Andrea Reischies

C.S.F. and Honor Society are the two school organizations set aside for those students who earn "A" and "B" grades. To qualify for Honor Society a student must have a report card with all "B's" or "A's" and "B's" but no "C's". Qualifications for C.S.F. are a bit stiffer. A student must have a total of ten points according to the state wide system where an "A" equals three points, a "B" one point, and a maximum of one point is given for extra-curricular activities.

Both C.S.F. and Honor Society members run the Snack Shack all year and are rewarded late in the year with an all-day trip to San Francisco.

C.S.F. members also receive special privileges. At the beginning of each semester each individual receives a membership card which can be used in place of a tardy admit or as a class-to-class transfer. The card also allows a student to leave a study center after roll.

If a student retains membership in C.S.F. for four out of six semesters, he becomes a life member of C.S.F. which entitles him to be eligible for a scholarship and at graduation he will be entitled to wear a gold tassel. Membership pins are available for members of both organizations.

## LANCE STAFF

The **Lance** staff began the year with one goal in mind; to make the '66-'67 **Lance** the best written and best overall paper the school has ever had.

The goal was to be achieved by not only reporting the news but also reflecting the changing attitudes of the students and teachers at Blackford. In the minds of the editors and reporters who devoted their time and effort to writing the **Lance**, the goal was accomplished with spectacular success. The staff hopes for a first place or at least a second place in the National Scholastic Press Association Standings.

## KEY CLUB

Established in the fall of the '65-'66 school year, the Blackford Key Club has within two short school years established itself as one of the most active and well organized junior service clubs in the San Jose area. "We Build," the motto of the Key Club is avidly practiced through the various community and school activities with which the club has been involved. The Blackford Key Club, sponsored by the West Valley Kiwanis Club (the Key Club's senior counterpart) and under the supervision of Mr. Fisher, Mr. Dunton, and the late Mr. Coudeyre, has participated in or initiated such activities as the Santa Clara Heart Fund Drive, "Friends Outside," fund raising for A.F.S., the KYA basketball game, the fall football field clean up and many other school and community affairs.

## BLOCK "B"

Any boy who has lettered in a sport is eligible for Block "B". The boys are supervised by Coach Dempsey. The main project of the service club was selling programs for football and basketball games. During football season, Block "B" sponsored the Bashful Brave contest. Clues were given in three different programs telling where the Bashful Brave was hiding. The first person to find the Bashful Brave received a gift certificate for the student store. During basketball season, numbers of the different programs were called off at the games and the winners received \$5.00 certificates at the student store.

## DRAMA COMMISSION

The primary purpose of the drama commission is to help with any theatrical production at Blackford. Members, with the aid of their advisor, Miss Long, either act or work on the stage crew, sets, publicity, props, costumes, or make-up. The big event of the year is the all school play. This year's production, **Li'l Abner**, had a cast of over seventy. Leading roles in the musical were played by John Whitten as Li'l Abner, Marsha Sims as Daisy Mae, Steve Tuthill as Marryin' Sam, Marty Rice as Earthquake McGoon, Donna Nelson as Mammy Yokum, and both Dennis Conroy and Jim Merklingshaus as Pappy Yokum, and Bill Cope as General Bullmoose. The Drama Commission also presented a one act play to other schools towards the end of the year.

Li'l Abner tells cronies why he would "druther have his druthers."

Everyone joins in for the "Matrimonial Stomp."

The wives tell Marryin' Sam about their trip to Washington.

## AMERICAN FIELD SERVICE

Row 1: G. Finch, K. Eskeldson, G. Dalmau, P. Pittman, Ng Ser Miang, J. Grayson, J. Inamasu, L. Morgan, M. Proni. Row 2: M. Griffin, E. Schade, K. West, S. Snyder, K. Okashima, M. Matusich, C. Under the direction of Miss Holbrook and Mrs. Drexhage, the members of Debs learn about the different fields in home economics. At the beginning of the year, they had a picnic with all the other schools in the district. They also had a pot luck dinner. During Christmas season, the members went caroling and visited Christmas Tree Lane.

# JUDO CLUB

Row 1: K. Snyder, L. Thompson, C. Martinsen, J. Gargelt, J. Mantel, N. Crawford, S. Billy, B. Gillming. Row 2: R. Marchello, V. Carney, K. Kelly, N. Ramos, S. Thompson, D. Sarba, K. McCreddin, K. Cuzner, M. Teutsch, C. Christopherson.

Judo-the gentle way- is derived from the code of Japanese chivalry. Judo involves the use of balance and timing of the participants.

The sport is characterized by many rituals and courtesies: the bow to the opponent before and after confrontation, kneeling in respect to the instructor and other participants. Blackford's newly organized Judo Club is open to all girls interested in learning this ancient art.

# PEP CLUB

Row 1: J. Fields, S. Lombardo, M. Mars, Y. Hewitt, P. Toombs, C. Pintacura, P. Smith, J. Honda, C. Bardo, J. Urabe, S. Serrano, S. Lietz, A. Fuchigami, R. Kaone, C. Christopherson. Row 2: J. Dyer, D. ## LENGUA VISUAL

One of the main aspects of the Lengua Visual Club is to learn the culture, living conditions, and social customs of Spanish-speaking countries. This year, under the supervision of their advisor, Mr. Cluff, this club took a trip to the beach at Santa Cruz and went to see some Spanish films. They had a display in the showcase in December entitled "Las Posadas," Christmas in Mexico. They also made plans to eat in a Spanish restaurant.

## SPANISH CLUB

The Spanish Club is primarily social. During the year members plan activities such as their annual Christmas party, take part in Pan American Day, and go on a picnic at the end of the year. Also, students take trips to local Spanish language films, live performances by Spanish entertainers, and to restaurants. Other activities are planned for fund raising purposes. One goal of the club is to form a Spanish Honorary Society which will conduct all business of the club in Spanish.

## ART COMMISSION

Art Commission was headed by commissioner Sue Wilson. The member's responsibilities include making decorations for all school dances, plays, and various other activities. They also participated in Spirit Week.

## ART HONORARY

Anyone who has made an A in art is eligible for Art Honorary. One project consisted of making spirit ribbons. The sixty dollars they received, enabled them to make various field trips to art displays and museums.

## IN MEMORIAM

### MR. JACQUES COUDEYRE

Mr. Coudeyre—remembered by his students as a patient and thorough instructor of both American history and French—was also involved in many of Blackford's extracurricular activities. Under his guidance the French Club became more active than it has since its formation. As an advisor, Mr. Coudeyre again gave much of his time and effort to the Photo Commission. During the school year 1965-66 he was a charter advisor to the newly formed Key Club, helping that group to grow into one of the school's most distinguished service organizations.

In all of these endeavors, Mr. Coudeyre gave generously of himself to the students of Blackford High School and will thus continue to live in our memories.

Dave -  
It's been a lot  
of fun in Spanish  
this year and I hope  
to see you in some classes  
next year too. You're a real  
sweet guy and a lot of fun.  
Just wish I could have had a  
chance to talk to you more but  
with Fred between us, it was  
kind of hard. Anyway, stay as  
sweet as you are always and  
lots of luck next year as a  
Junior. Be good and may God  
bless ya always.

David,  
To the big  
swimmer. Just  
don't cause now you'll be  
taller man the you're pool  
is deep. Now cute many  
really ok? many going  
girls  
Love always!

Dave,  
It's been fun in  
S.S. and Geo. Hope  
you have a blast this  
summer. Good luck to you.  
See ya next year.

Dave,  
It was fun in  
Math this year. Hope  
you're in some of my  
classes next year.  
Have fun this summer.

Dave  
We been a lot  
of fun this year won't  
it in summer, even if you  
get on a++ and didn't think  
for letting me enjoy your homework  
sometimes. Have a lot of fun this  
summer and make a lot of money.  
See you next year. "Good Luck"

Dave,

It's been alot of fun in Spanish and I hope that we got some classes together next year too. Geometry wasn't so fun but I'm really glad that we were in the same class.

Have a great summer and best wishes always.

Love,

James Sique

have, this is called  
the end of the signing  
year. Book art class  
time. This very weird, unique,  
has been very summer. I'll see you  
provocative & sexy. I'll see you  
around in the summer. I'll see you  
always. I hope you get your cool  
to realize you have loads of fun. (of  
be prepared for whatever happens war  
know! I hope to see you.  
You or course I hope to see you always,  
never know! I hope to see you always,  
you are from

P.S. If you do get  
into the mess of trouble I  
wonder if you are  
"Pray for peace!"  
let's legalize  
grass

P.P.S. love  
again.
